**Place and Season for Congress**

Rybach settlement is a nice place on the south coast of the Crimea peninsula at the beginning of warm autumn. Sun is not very hot; the Black Sea is pleasantly warm, clean air, wonderful sights of Sea and Crimea Mountains, plus low prices for ripe fruits and vegetables. Rybach settlement is far from industry giants and crowds of people, not large and very cozy place with a big number of bars, cafes and restaurants.

You will have an opportunity to combine fruitful work at Congress sessions, communication with colleagues from Eastern-Europe countries and nice rest.
